Art Therapy with Neurological Conditions 'This inspired and inspiring book shows how successfully art therapists adapt their practice for people with many different neurological conditions'

-Deborah Gibson, art therapist and lecturer

Art Therapy with Physical Conditions 'is not only extremely timely; it is also very well written, edited and full of vivid illustration'

-Judith Rubin, art therapist, faculty member University of Pittsburgh

Meet the Editors and Authors over Refreshments and
an Art Exhibition

Brief talks at 4pm from GP Brian Kaplan and Authors and Editors
All welcome. Please RSVP to Sally at s.a.weston@btinternet.com
